

## How Kids Go to School around the World!

How do you get to school? Do you walk? Do you ride your bike? Does your mom or dad drive you to school?

Many children take a school bus to school, but some children in India ride a special school boat!

The children live on boats, but they go to school on land. They take the school boat in the

morning. A teacher teaches them on the boat before they get to school.

Some children who live in the mountains of Colombia take a zip line to get to school. The zip line is long. The children aren't scared to take the zip line.

One boy in Scotland rides his bike, takes a ferry, and takes a bus to get to school every day. It takes a long time. He gets to school late, but he loves school.
